Dear Recruiters at Ascend Analytics,

I am writing to express my interest in the position of Backend Software Engineer. With over 4 years of hands-on experience in Python, C++, Machine Learning, Java, SQL and a background in designing scalable systems, I find that my skill set aligns seamlessly with the requirements outlined in the job description. Having honed my software engineering skills through roles at companies such as Samsung and Qualcomm, I am confident in my ability to make meaningful contributions to your team.

What sets me apart is my ability to swiftly adapt to new technologies and programming paradigms. I pride myself on being a quick learner, which has enabled me to consistently thrive in dynamic and challenging work environments. I am adept at collaborating with multidisciplinary teams and demonstrating strong time management, prioritization, and interpersonal skills.

Sincerely,

Tirthankar Mittra.
